

## MATERIAL LIST – MERRY GO ROUND ROSES

We will be concentrating on making various sizes of roses using slivers/strips of fabric that fit in a palette together.

- Sewing machine, rotary cutter, and board
- Ruler
- Bring all your scraps that are big enough to cut into smaller strips about 6" in length. Make sure you have darks, lights, and contrasts, If you've got jelly rolls to use up, it would work very well.
- Muslin will be needed as our foundations - bring a meter or so. It can be in small pieces as we will cut them up

Discussion will be held as to how to use these "roses" in a traditional quilt, or used in art quilts.
