

## Summer Quilt – 2018

## Supply List:

## Fabric –

As this project is aimed at using scraps left from past projects, as well as other pieces from your stash, it is difficult to list exact amounts of fabrics required. Many will have some 2 ½” strips already and that would be a good place to start. The minimum length should be 6 ½”. Assemble as many coordinating pieces as you can (strips, fat ¼ s, as well as yardage) and work from there. This can also apply to the background, if you have a variety of light fabrics that will blend together.

The following chart will give you an idea of the fabric amounts for a few sizes.

Size	Background (light)	Variety of Prints
Crib – 40” x 56”	Approx. 1.25 m or equivalent	24 2 ½” WOF strips or equivalent
Lap – 56” x 64”	Approx. 2m or equivalent	38 2 ½” WOF strips or equivalent
Bed - 72” x 88”	Approx. 3.5m or equivalent	66 2 ½’ WOF strips or equivalent

Note\* If you are purchasing fabric for this project, a Jelly Roll would provide the required number of print strips for a Lap Quilt.

Rotary Cutter

Ruler – 6” x 12”

Square – 9” or larger, if available

Thread – Neutral - Grey or Taupe

Pins

Marking pencil

Paper Towels – 1 dozen or so

Sewing Machine.
